

## Job Description

**Post Title:** Head of Delivery - Sustainable Transport

**Directorate:** Delivery Directorate

**Reports to:** Sustainable Travel Delivery Director

**Direct Reports:** Up to 3

**Salary Band:** Senior Manager Salary

**Key Relationships:** Delivery Directorate – Technical Services & Portfolio Units, TfWM Policy, Strategy and Innovation team, TfWM Network Resilience team, senior officers at local authorities, transport planning consultants and civil engineering contractors, TfWM Heads of Service and Directors, National Highways

### Role Purpose

The Head of Delivery - Sustainable Transport will be accountable for leading and managing the detailed design and construction of a major multi-modal road investment programme within the Delivery Directorate at Transport for West Midlands (TfWM). They will ensure that all projects are delivered successfully, to agreed scope, on-time and on-budget. Road investment forms a major part of TfWM's £2.2Bn capital transport investment programme with the delivery lead being responsible for an estimated annual spend of c. £40m.

The Head of Delivery - Sustainable Transport will be a technical expert with a significant track record in the delivery of major highway infrastructure. They will be responsible for leading and managing the supply chain's role in delivery, establishing and maintaining high value and collaborative arrangements with funders, partners organisations, stakeholders and customers, and evolving TfWM to a best-in-class delivery organisation.

The Head of Delivery - Sustainable Transport will apply their technical expertise and commercial acumen in ensuring that business case outcomes are maximised and TfWM's delivery reputation is positively enhanced through the timeline on budget delivery of the programme.

### Responsibilities

- Lead a high profile, multi-agency team overseeing detailed development and construction activities major road infrastructure projects with responsibility for a delivery spend rate of c.£40m per annum.
- Accountability and technical leadership for multi-disciplinary detailed design development through to construction of major highway infrastructure of significant value. This is likely to cover bus rapid transit infrastructure, interchange facilities and/or active travel projects of significant scale.
- Establish, build and maintain collaborative relationships with WMCA colleagues, relevant local authorities, funding bodies and other stakeholders as appropriate to deliver the project in line with the requirements of the relevant Programme Boards.
- Provide leadership across the supply chain within a procurement and commercial context to ensure affordable delivery to programme, schedule and budget. This will include responsibility for procurement and commercial strategies, leading dispute resolution and supply chain engagement in accordance with WMCA's published procurement policies and statutory requirements.

- Manage and direct the activities and performance of consultants, professional services suppliers and contractors to ensure that works (including design, technical and environmental assessments, cost and demand forecasting, land referencing, surveying, ground investigation, construction) are progressed in a timely, efficient and cost-effective manner.
- Work alongside the Technical Services Unit, integrate technical and functional design principles to deliver best value and positively support the design review process.
- Provide technical leadership of the application, management and utilisation of NEC contracts to manage contractor performance.
- Ensure that all elements of programme are integrated into design and delivery of the project, including design approval for and on behalf of TfWM and with local authorities, ensuring compliance with highway standards and technology requirements.
- Lead the preparation and delivery of reports for senior management, elected members, WMCA committees, programme boards and Local Cabinet, ensuring that project documentation produced for review and approval is done so in a timely and accurate manner.
- With support from finance and commercial colleagues, manage budgets and ensure that financial administration, monitoring and reporting is of the highest standard and that appropriate financial scenarios can be tested.
- Lead on direction in support of NEC4 contract management and managing external support to provide NEC4 project managers with resource as required.
- Ensure that lessons learnt as part of the post project review within the gated project lifecycle process are recognised and implemented as appropriate in development and delivery of the project portfolio going forward.
- Work collaboratively with key stakeholders and elected members to promote Roads projects with local communities.
- Managing direct reports in accordance with WMCA's published HR policies and procedures.

### Core Expectations

Our culture is underpinned by what we do and how we do it. Our behaviours outline the ways we need to work to deliver success, become truly inclusive, and make the organisation somewhere where everyone can give their best contribution.

Value	Competency	Behaviour
Collaborative	Team Focused	Works as part of team, managing and leading.
	Service Driven	Customer, resident and partner focussed.
Driven	Empowered & Accountable	Takes ownership and leads when needed.
	Performance Focused	Ambitious and going the extra mile.
Inclusive	'One Organisation' Mindset	Believe in each other's expertise.
	Open & Honest	We do what we say we are going to do.
Innovative	Forward Thinking	Embrace change and open to new possibilities.
	Problem Solving	Go for clear and simple whenever possible.

### Health and Safety

All employees have a duty to take reasonable care for the health and safety of themselves and of other persons who may be affected by their acts or omissions at work; and co-operate with their employer so far as is necessary to enable it to successfully discharge its own responsibilities in relation to health and safety.

### Equality and Diversity

To promote and champion equality and diversity in all aspects of the role

**Learning and Development**

To participate in and take responsibility of any learning and development required to carry out this role effectively.

**Performance Management**

To actively engage in the performance management process and take responsibility for managing performance outcomes.

**GDPR (General Data Protection Regulation)**

To ensure the reasonable and proportionate protection, processing, sharing and storing of WMCA information in accordance with the relevant legislation, corporate policies, and in the best interests of the data subjects (Data Protection/GDPR), the WMCA, our partners, and the West Midlands, in all aspects of the role.

**Other**

There may be a requirement to work outside normal office hours on occasion to meet work deadlines, give presentations, attend meetings etc., including a requirement to work within stakeholder and partner offices within the WMCA Constituent area on a regular basis.
