<b>Salary Band:</b>	<b>Intern</b>

### **Key Relationships:**

### **Role Purpose**

The Environment Team is part of the WMCA's Strategy, Economy and Net Zero Directorate, which leads on a number of different workstreams focused on building a better connected, more prosperous, fairer, greener and healthier West Midlands. More specifically, the Environment Team work closely with stakeholders across the region to deliver on environmental initiatives including natural environment, air quality, the circular economy, climate adaptation and behaviour change.

The Environment Team has recently secured c.£1m from the UK Government to deliver an air quality project which will deliver the following:

- Installation of a region wide air quality monitoring network.
- Public facing air quality website presenting sensor data and other relevant air quality information for the region.
- Regional air quality awareness campaigns.
- Behaviour change programme focusing on how personal exposure reduction and how to bring about clean air for all.
- Air quality literacy programme aimed at politicians and regional stakeholders helping them understand the need for change in relation to air quality.
- Development of a communications toolkit which can be used by regional stakeholders including local authorities, to deliver their own air quality awareness raising campaigns.

The Environment Intern will be responsible for supporting the delivery of the air quality project, in particular the management of the air quality sensor network. There will also be the opportunity to provide support across the Environment Team as required during the internship. This work will require regular communication and liaising with project partners and stakeholders.

This is an excellent opportunity for anybody looking to explore the possibility of a career in the environment sector.

### **Responsibilities**

- Provide support in managing the air quality sensor network. This will include checking the status of the air quality sensors, analysing pollutant data including comparing data against air quality objectives and reporting on data to regional partners.
- Provide administrative support to the air quality behaviour change work. This includes the WMCA air quality literacy training course and scaling up of behaviour change trials.
- Supporting the delivery of air quality engagement events held across the WMCA administrative area to help raise awareness on air pollution.
- Provide weekly updates to the Environment Team on your progress.
- Provide ad hoc support to Environment Team members as required during the internship around research, events, briefings and meetings.
- Attend the office at least twice a week
